

AR-C265P

Digital Color IMAGER Series

SHARP

High-Performance Color Printing in a Compact Desktop Design

Enhance your marketing communications with high-impact, on-demand color

High-quality, affordable color

The new Sharp AR-C265P IMAGER puts the power of color printing within your reach. Designed for both B&W and color usage, the new AR-C265P delivers crisp text and brilliant color images, adding impact to all of your marketing communications. With advanced features that include 400-sheet standard paper capacity (expandable to 930 sheets), optional duplexing and an available 40 GB hard drive, the Sharp AR-C265P IMAGER makes it easy to keep up with the demands of busy workgroups, and the growing needs of your business.

Versatile paper handling for the diverse needs of busy offices and workgroups

With a speedy 26-pages per minute in color and 32-ppm in B&W, the new AR-C265P IMAGER can print on stock ranging from 3" x 5" cards up to 8.5" x 47"... so you can print brilliant color proposals, reports, banners and more, at a moment's notice. Flexible paper options support a variety of paper weights, envelopes, and transparencies, so you can produce more printed documents, newsletters and proposals internally, reducing the cost of outsourcing. And with Sharp's unparalleled reliability, you can rest assured that the new AR-C265P IMAGER can manage even the toughest jobs without missing a beat.

Advanced security for today's sensitive marketplace

With the optional 40 GB hard drive, the new Sharp AR-C265P IMAGER offers added peace of mind in today's security-sensitive environments. With 256-bit encryption and Secure Print Release with PIN-code authorization, you can rest assured that confidential documents won't fall into the wrong hands. Also, with the optional 40 GB hard drive, the AR-C265P offers a Timeout feature which erases jobs from the hard disk if they are not retrieved within a certain time. For even more peace of mind, the Secure Erase feature completely removes documents from the hard disk.

Convenient job tracking and accounting

It's easy to monitor the AR-C265P IMAGER's print activity with built-in job tracking. Administrators can check usage and generate reports for accounting purposes. Plus it's easy to assign user permissions...so you'll always know who is printing what.

AR-C265P shown with optional 530-Sheet Paper Tray.

Speedy workgroup color in a small footprint

The Sharp AR-C265P delivers everything you need—brilliant color output with crisp text, expandable paper options and the flexibility to print newsletters, proposals and more...at a moment's notice.
